USDA LAUNCHES “ALL HANDS” EFFORT TO SPEND SECTION 502 DIRECT. Unable to use all of its Section 502 direct funding in the last few years, the agency has taken steps to facilitate loan processing before FY15 ends on September 30. A letter from RD Under Secretary Lisa Mensah reminds all Rural Development employees of temporary measures available, including obligation of loans subject to obtaining acceptable appraisals and (for new construction) plan certifications. Overtime is authorized for staff to process applications. The agency also seeks help from local partners, including submission of new applications. Funds were divided among states earlier in the fiscal year but are now available in all states on a first-come, first-served basis. More details are posted on HAC’s website. Contact a state or local USDA RD office.
