TAX EXTENDERS BILL INCLUDES LIHTC AND NMTC. H.R. 5771, passed by the House and Senate, provides a minimum 9% Low Income Housing Tax Credit rate and authorizes the New Markets Tax Credit for calendar year 2014. FHFA ACTIVATES OBLIGATION TO NATIONAL HOUSING TRUST FUND. On December 11, Federal Housing Finance Agency director Mel Watt instructed Fannie Mae and Freddie Mac to begin setting aside funds for the National Housing Trust Fund and Capital Magnet Fund. The NHTF will fund housing, mostly rental and mostly for extremely low-income households. The CMF provides funds to CDFIs and nonprofits to finance affordable housing and related economic development and community service facilities. HUD, which will operate the NHTF program, published proposed regulations in October 2010; Secretary Julián Castro announced final rules will be issued soon. The National Low Income Housing Coalition estimates the first NHTF funds will be allocated to states in early 2016.

FHFA INTERIM RULE PROHIBITS PASS-THROUGH OF NHTF AND CMF COSTS.
