Specially Adapted Housing
Specially Adapted Housing/Special Home Adaptation Grants

✓ SAH grant programs improve the quality of life for severely disabled Veterans by allowing them to live more independently in their homes.

✓ Legislative changes have expanded eligibility criteria, allowed for multiple grant uses, increased grant amounts and allowed for yearly adjustments based on a cost of construction index.

✓ Due to program changes, interest in the program (and workload) has increased significantly.
Specially Adapted Housing (SAH)/Special Home Adaptation (SHA) Grants can be used to build, acquire, or adapt a home.

Temporary Residence Adaptation (TRA) Grants can be used to modify the home of a family member.
